It’s not that kind of facelift, but the results will make them wonder.

An all-in-one anti-aging treatment to moisturize the skin, diminish the appearance of fine lines and wrinkles, visibly improve the skin tone and texture, and create a more even skin tone. This cream contains our innovative blend, HumiGrowth®, a unique combination of growth factors, antioxidants, and a peptide complex. It is ideal for normal to dry and sensitive skin types.

Pairs perfectly with SiO® patches to comfortably hug your skin, gently compressing it to stay flat and smooth. The doctor-recommended wrinkle treatment intensifies hydration and supports skin’s ability to retain moisture, minimizing the appearance of fine lines and wrinkles. See results in just a few hours and continue to use the patches to help prevent new wrinkles from forming.

WHAT’S INCLUDED IN THE DUO
1. NEW! Collagen RX
2. 4 Reusable medical grade silicone patches:
   - 1 Set of Eye and Smile Lift patches that are interchangeable between either area
   - 1 BrowLift and 1 NeckLift

REAL RESULTS

Wrinkle Compression, Rehydration, and Touchably Soft Skin

Immediate Benefits of Sio® Patches (After Day 1)

- Wrinkle Compression - Flatten out existing wrinkles for immediate reduction of the appearance of fine lines, wrinkles, and crepey skin.
- Rehydration - Skin is hydrated from the inner layers to the outermost layer of the dermis. 87% said their skin was more hydrated than before use of the patch (*)
- Touchably Soft Skin - Skin is ready for the day (or night) ahead. 90% of users felt their skin was smoother and softer upon patch removal (*)

*Results combined from 2 Clinical studies (Bioscreen 2017, CRL 2016)

How to Use

1 Prep
   Throughly cleanse and dry your face.

2 Apply
   For first time use, gently remove plastic film and position patches on your brow, neck and around the mouth or eyes.

3 Go to Sleep
   Wear for 6-8 hours while sleeping, or for a few hours during the day for a quick boost.

4 Store & Reuse
   Remove patch by holding skin taut with one hand while gently removing the patch with the other. Rinse the patch with water when needed to clean and restore adhesion. When not in use, place the patch adhesive-side down on the shield and store inside the resealable pouch between uses. With proper care, patch will last up to 15 uses.

5 Apply Collagen RX
   Follow by applying Collagen RX to face for a dynamic duo. Apply to the face, neck and décolleté, avoiding eye area. Allow to absorb before applying additional products. Can be used twice daily or as directed by your physician.
In this Duo, the Décolleté Firming Cream treats the skin of the décolleté for long-term benefits and the chestlift patch gives immediate softening and smoothing by driving water to the surface of the skin.

NEW! Décolleté Firming Cream
This advanced intensely hydrating emulsion defies time and gravity to provide an immediate tightening and anti gravity effect fighting against sagging and crepey skin. Effectively brightens pigmentation related conditions, while minimizing fine lines and wrinkles. Revitalizes the skin by strengthening the building blocks responsible for keeping this skin intact. Peptides work to stimulate elastin and collagen, improving fine lines, wrinkles, and texture of the skin. Other specialized peptides in this product effectively function as a firming agent to fight against skin sagging, improving resistance to gravity.

**BENEFITS**
- 79% Decrease in the length of deep wrinkles
- 43% Decrease in the depth of wrinkles
- 30% Decrease in skin roughness

Pairs perfectly with SiO® patches to comfortably hug your skin, gently compressing it to stay flat and smooth. The doctor-recommended chest wrinkle treatment intensifies hydration and supports skin’s ability to retain moisture, minimizing the appearance of fine lines and décolleté wrinkles. See results in just a few hours! Continue to use the patches to help prevent new wrinkles from forming.

# SiO® ChestLift Duo

Chest wrinkles are real, due to side sleeping and sun exposure, but we can help.

## PATCH TIPS

- SiO® patches can be worn while sleeping or during the day, whatever is most comfortable for you. You can easily hide the ChestLift patch under your shirt!

- If sweat interferes with patch adhesion, gently lift the patch and allow the area to air-dry before reapplying. If adhesion needs a boost, rinse the patch under running water and allow it to air-dry completely before reapplying.

## How to Use

1. **Prep**
   - Thoroughly cleanse and dry your face.

2. **Apply**
   - For first time use, gently remove plastic film and position patches on your brow, neck and around the mouth or eyes.

3. **Go to Sleep**
   - Wear for 6-8 hours while sleeping, or for a few hours during the day for a quick boost.

4. **Store & Reuse**
   - Remove patch by holding skin taut with one hand while gently removing the patch with the other. Rinse the patch with water when needed to clean and restore adhesion. When not in use, place the patch adhesive-side down on the shield and store inside the resealable pouch between uses. With proper care, patch will last up to 15 uses.

5. **Apply Décolleté Firming Cream**
   - Apply to neck and décolleté while working towards the jawline. Allow to absorb before applying additional products. Can be used twice daily or as directed by physician.

## 100% Medical Grade Silicone

When medical grade silicone is placed on the skin, it creates a micro-climate between the skin and the silicone. This unique microclimate helps the skin heal itself as two things happen. First, the occlusive layer of the patch draws moisture up from skin’s lower layers, allowing the skin to hydrate from the inside out. The moisture rises to the outside layer of the skin allowing it to plump, fill in and smooth itself. Second, the compression of the patch flattens existing lines and prevents new ones from forming. The result is the diminished appearance of wrinkles, and the optimum environment for skin rejuvenation over time.
Sport Defense SPF 50+ is a specially formulated, fast absorbing sunscreen that hydrates without leaving the skin feeling greasy or heavy. This innovative, chemical and physical sunscreen is antioxidant-rich to provide defense against the sun’s damaging UVA-aging and UVB-burning rays. Formulated with Zinc Oxide, a physical sun defense, and Vitamin E, an antioxidant, to combat free radicals and sun damage. The combination of Beeswax and Dimethicone adds hydration to the skin and provides emollient properties to the Sport Defense SPF 50+. Sport Defense SPF 50+ is ideal for active and on-the-go lifestyles as well as children.

**BENEFITS**
- Lightweight, oil-free sunscreen
- Provides UVA and UVB protection
- Antioxidants protect against free radicals and other environmental factors
- Water resistant sunscreen (80 minutes)

**DIRECTIONS FOR USE**
Apply to face and neck, avoiding the eye area. Wait at least 30 minutes before sun exposure, or as directed by a physician. Reapply after 80 minutes of swimming or sweating. Reapply immediately after towel drying at least every 2 hours.

**ACTIVE INGREDIENTS**
- Zinc Oxide 10%
- Octinoxate 7.5%
- Octisalate 5%

PURELY PHYSICAL SPF 47
DAILY UV PROTECTOR AND LIGHTWEIGHT MOISTURIZER

A broad-spectrum sunscreen, both gentle and lightweight, provides a more natural approach to sun protection for daily use utilizing chemical-free active ingredients. Purely Physical SPF 47 creates a moisture barrier, preventing water from evaporating the skin’s surface, binding moisture back into the skin. Gentle formula that is suitable for all skin types even those with the most sensitive skin.

BENEFITS
• Natural, chemical-free active ingredients make this sunscreen beneficial for all skin types
• Light weight, fast absorbing sun protection
• Helps to prevent premature aging and cellular damage of the skin caused by harmful UV radiation
• Water resistant sunscreen (80 minutes)
• Free of commonly known irritants such as sulfates, parabens and fragrance

ACTIVE INGREDIENTS
Zinc Oxide 10% and Titanium Dioxide 5.5% provide physical protection, which sits on top of the skin to deflect and scatter damaging UV rays.

**HEALTHY GLOW**

**ULTIMATE TANNING GIFT SET**

Everything you need to achieve the perfect sun-kissed glow!

**Step 1: Exfoliate**

**BRIGHTENING POLISH**

This mild, brightening scrub with exfoliating micro-beads is specially formulated to gently cleanse and exfoliate by removing dry, dead skin cells, excess oils and residue to reveal healthier, younger looking skin. This cosmetically elegant formula provides antioxidant protective coverage, nourishes, enhances skin tone and texture, revealing a fresh and pure complexion.

HOW TO USE: Apply HH Science Brightening Polish and work it into the skin. Focus on particularly dry areas like elbows, knees, and ankles to remove dry patches of skin. Foam will cling to dry skin, so exfoliation is key for a smooth, patch-free glow!

**Step 2: Apply Foam Onto Tanning Mitt**

**TANNING MITT**

Apply sunless tanning product directly onto mitt. Use gentle sweeping motions to blend product into skin.

**Step 3: Hydrate and Glow!**

**HEALTHY GLOW HYDRATING TANNING FOAM**

An innovative, streak-free, sunless tanning foam provides buildable color to achieve a natural-looking, sun-safe tan that develops quickly. This tanning foam hydrates the skin through a specialized sugar extract that binds moisture back into the skin, resulting in a radiant glow.

HOW TO USE: Apply foam at your ankles working upward and rub into the skin in circular motions, covering all areas you wish to tan.
